If you would like a smoke machine for your function if so then please confirm that you will have all smoke detectors turned off in the building to ensure no accidental setting off of these detectors as some are sensitive to different elements in the air. If you indicate "yes" then I will reconfirm with you when I am setting up at your function.  
The smoke machine even at minimal use adds an extra effect to lasers and lighting in use for your function. Smoke machine at standard or minimal use is no extra charge.
